

Kindergarten

This year in Technology I will learn:

- Basic Operations: I will learn the parts of a computer and what they do
- I will learn how people use computers in their daily lives
- I will increase my mouse skills
- I will learn to open and close a computer program
- I will learn basic computer vocabulary
- Word processing - I will explore the keyboard and its function. I will learn to enter text on a computer and print
- I will do this exploring with the following programs: Kids Pics, Kidspiration, Learn to type and approved web sites.
- The technology class which meets approximately 18 times a year will also support classroom curriculums and school projects.
