

Second Grade

This year in Technology I will learn:

- Basic Operations: I will learn the parts of a computer and what they do.
- I will learn computer terms/vocabulary.
- Internet and Multimedia: I will learn how to use selected websites
- Word processing - I will learn keyboarding to improve my speed and accuracy. I will learn how to enter and change text. I will learn how to save, retrieve and print.
- I will do this exploring with the following programs: Kids Pixs, Kidspiration, Max Write, Learn to type and approved web sites.
- The technology class which meets approximately 18 times a year will also support classroom curriculums and school projects such as Study Island and Discovery Streaming.
