

Dear BPS Families,

During this time of school closure, it is more important than ever to hear from BPS families about what we can do to support you and your child(ren). We want to ensure that all students have high-quality learning experiences and that families have everything they need to support remote learning. Please complete this short survey **for each child**. A member of our team will follow up with families who identify a pressing need in order to provide you with resources, information, and assistance.

This survey is an important opportunity to help us understand your experiences and needs during this time. Thank you in advance for taking the time to share this critical information, and for being a valued member of the BPS community.

Please complete a survey for each child who attends school within BPS.
