

Reading at Home Adds Up!

80 words per minute (80 wpm) x 30 minutes:

- 2400 words read per night
- 2,400 words read per night x 5 nights = 12,000 words read per week
- 12,000 words read per week x 13 weeks in a term = 156,000 words read per term
- 156,000 words read per term x 3 terms = **468,000 words read per year** (Almost half a million!)

100 wpm x 30 minutes:

- 3,000 words read per night
- 15,000 words read per week
- 195,000 words read per term
- **585,000 words read per year**

150 wpm x 30 minutes:

- 4,500 words read per night
- 22,500 words read per week
- 292,500 words read per term
- **877,500 words read per year**
